International scientific and methodological conference
«Current Issues of Improving the Quality of the Educational
Process»

*September 22, 2023
Yaremche – Ivano-Frankivsk*

Respected Colleagues!

We are honored to invite you to participate in International scientific and methodical conference "Current Issues of Improving the Quality of the Educational Process" held on September 22, 2023 in Ivano-Frankivsk National Medical University (Educational and Rehabilitation Center of IFNMU, Yaremche, Svoboda Str. 367). The conference will welcome the members of scientific and pedagogical staff of higher education institutions of Ukraine, International Academy of Applied Sciences in Lomza (Poland), Opole Polytechnic (Poland), Opole University (Poland), University named after Pavel Josef Šafarik in Košice (Slovakia), Univerzita Karlova (Czech Republic), Lithuanian University of Health Sciences (Lithuania), University of Tartu (Estonia), University of Warmia and Masuria in Olsztyn (Poland), Warsaw Medical University (Poland).

The conference is registered at the State Scientific Institution "Ukrainian Institute of Scientific and Technical Expertise and Information" of the Ministry of Education Ukraine, certificate No. 14 of March 12, 2023. (<http://surl.li/izzpj>).

All participants of the conference will receive:

1) a certificate of participation indicating the total number of academic hours: 6 hours (0.2 ECTS credits) (in accordance with Resolution of the Cabinet of Ministers of Ukraine No. 800 of 21.08.2019 "Some issues of qualification improvement of pedagogical and scientific-pedagogical staff"). It will be possible to download the Certificate from the link which will be accessible after the Conference;

2) the e-Program of the Conference (if necessary);

Conference materials (e-version) will be posted on the IFNMU website at: <https://www.ifnmu.edu.ua/uk/diyalnist-universytetu/konferencii>.

Main Conference Sections:

- 1. Innovative and distance learning technology in modern education.**
- 2. A competence approach in training a modern specialist during undergraduate and postgraduate courses.**
- 3. Quality management system of the educational process.**
- 4. International educational projects (Erasmus+, NAWA, etc.) in the process of forming a modern specialist.**
- 5. Approaches to the improvement of the teacher's professional skills.**
