

List of entrance exams and the cut-off scores.

Foreigners are enrolled in the Ivano-Frankivsk National medical university in the first year of study at the expense of natural and / or legal persons as a result of a comprehensive introductory oral exam in Biology and Language (Ukrainian or English - depending on their chosen language of instruction in Ivano-Frankivsk National Medical University).

During the comprehensive entrance exam, the entrant must answer one question from each competitive subject. Result of answers from each competitive subject is evaluated on a scale of 100-200 points. WITH each subject competition entrant must receive at least 100 points. If the entrant's answer is evaluated, at least from one competition subject less than 100 points, such entrant is not allowed to participate in competitive selection.
